*Topa is a village where the game is good, the river flows clean and plentiful, and life is pleasant for all its people. As the sun rises one day, Topa's medicine man, Seebona, makes his prayers. Suddenly, the bliss is shattered by the frightened screams of children playing at the river. Moments later, the smallest child, Kanobee, is carried by a black bear into the woods. The horrified villagers fear she is lost forever. Only Seebona thinks it is meant to be. Many years later during the Warm Seasons Celebration, two large shadows appear in front of the ceremonial fire. As the growls of black bears permeate throughout the moonlit setting, only Seebona smiles as the rest of the villagers tremble in fear. But soon a young girl is revealed just as Seebona and the two bears disappear. Kanobee, now called Nollkata, takes the elderly medicine man's place, determined to not only save her nation but also protect its way of life. Now only time will tell if she will be able to achieve all she desires. *The Secrets of Topa* traces the present and past lives of a village's people as a powerful medicine woman attempts to honor the Mother Earth, impart the wisdom of the Great Spirit, and carry on a legacy. *automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. Indiana retains a unique place in the RV industry going back to the 1930s, when pioneering individuals like Milo Miller, Harold Platt and Wilbur Schult created the original RV businesses in the Elkhart-South Bend area, making campers for sale. By the end of World War II, the national media was identifying Elkhart as the "Trailer Capital of the World." That status has been reinforced ever since, and the industry is still thriving in Indiana with the successes of Thor Industries and Forest River. Join author and RV expert Al Hesselbart as he chronicles how the Hoosier State became the RV Capital of the World.*
