The #1 bestseller that gives YOU complete control over your body and your health. In this updated and expanded edition, America's favorite doctors, Michael Roizen and Mehmet Oz, discuss how YOU actually have control over your genes. Discover how diseases start and how they affect your body—as well as advice on how to prevent and beat conditions that threaten your quality of life. **YOU: The Owner's Manual** challenges preconceived notions about how the human body works and ages, and takes you on a fascinating grand tour of all your blood-pumping, food-digesting, and numbers-remembering systems and organs—including the heart, brain, lungs, immune system, bones, and sensory organs. There are also 100 questions asked by you, and answered by the experts. For instance, do you know which of the following statements are true? As you increase the amount you exercise, the rewards you gain from it increase as well. If you're not a smoker, you have nothing to worry about when it comes to your lungs. Your immune system always knows the difference between your own cells and enemy invaders. The biggest threat to your arteries is cholesterol. Memory loss is a natural, inevitable part of aging. Stress is the greatest ager, and controlling it changes which of your genes is on. Did you answer "true" for any of the above? Then take a look inside. Complete with exercise tips, nutritional guidelines, simple lifestyle changes, and alternative approaches, **YOU: The Owner's Manual** debunks myths and gives you an easy, comprehensive, and life-changing How-To plan—as well as great-tasting and calorie-saving recipes—that can help you live a healthier, younger, and better life. Be the best expert on your body!

In **Mom: An Owner's Manual**, you'll find everything you ever wanted to know about how to raise a perfect Mom. One of Fuller's most popular works, **Operating Manual for Spaceship Earth**, is a brilliant synthesis of his world view. In this very accessible volume, Fuller investigates the great challenges facing humanity. How will humanity survive? How does automation influence individualization? How can we utilize our resources more effectively to realize our potential to end poverty in this generation? He questions the concept of specialization, calls for a design revolution of innovation, and offers advice on how to guide “spaceship earth” toward a sustainable future. Description by Lars Muller Publishers, courtesy of The Estate of Buckminster Fuller

Those who have influence have power. Unfortunately, the majority of the world's influence comes from forces of negative connotations. In this thought provoking book, we will address some of the things that have made the influence of the modern church weaken. We will also discuss innovative means in which we can take it back. Sometimes between cultures we lose

communication. In order to bridge the gap, we must be willing to understand that it takes different methods to reach different people and our cookie cutter is not working. - Terrell Monger "Where is the freedom that we speak about so much in the church? It is a shame that before someone can freely discuss salvation we must first claim a denomination. We might as well be a gang and ask, " What set do you claim?" Didn't Christ die for us all? Then, why are we so separated?" - a 16 year old man at church

An Owner's Manual provides fast, practical, and direct advice and that's what you get with this book! Automated homes, connected cars, and internet enabled TVs. The latter is what threatens to revolutionize the entertainment world as we know it, do away with cable TV and abolish the need for expensive blue-ray players. Even though smart TVs are so lucrative, most people find them either too costly, or limiting. The alternative would be going for a TV with an HDMI port, a USB port and purchasing a dongle to bring in the power of internet TV. Chromecast is one of the best and cheapest such tools in the market.
