**Literary Cultures in History** Apr 03 2021 Publisher Description

**Kannada Theatre History 1850-1950: A Sourcebook** Jun 17 2022 The present volume has compiled excerpts from a range of writings on theatre that give the reader a view of the varied modes of thinking. They are arranged into six sections, apart from a photo essay. It is not intended to be a history book; but a sourcebook that can lead to a more comprehensive account of Kannada theatre history, or complement the existing history books. Most of the writings in this volume are appearing in English for the first time. The book hopes to be of value to experts as well as theatre practitioners to understand the varied and nuanced narratives within what is normally put together as the history of modern Kannada Theatre.

**Doing Sociology in India** Oct 17 2019 This important volume on the history of sociology in India locates scholars, scholarship, theories, perspectives, and practices of the discipline in different cities and regions of the country over a century. It argues that this history is enmeshed in political projects of constructing a 'society', which took place as a result of colonialism and dominant nationalism. The book affirms the existence of both strong and weak traditions of scholarship in India and underscores three processes that have aided this development at various points of time: reflexive interrogation of received scholarship; probing ideal types of theories within classrooms; and questioning existing debates on society and its language by the public.

**Teacher Learning with Classroom Assessment** Dec 31 2020 This book discusses the interwoven themes of teacher learning and classroom assessment, highlighting the complexity and intricacy of these processes in a range of very different classroom contexts. The case studies demonstrate how classroom assessment is needed for teachers to learn about teaching and for them to be able to grow professionally and improve student learning. Although this volume is mainly situated in the unique and varied contexts of the Asia-Pacific region, it addresses the key issues of quality teaching, assessment, and accountability in a global context.

*The Oxford Handbook of Comparative Syntax* Jul 26 2020 "Comparison across formal languages is an essential part of formal linguistics. The study of closely-related varieties has proven extremely useful in illuminating relations between cross-linguistic syntactic differences that might otherwise appear unrelated, and has helped to identify the core principles of Universal Grammar. Comparative studies have grown to the point where a reference work is needed to comprehensively explain the state of the field and makes its results more widely known, and this handbook fulfills that need. Its twenty-one commissioned chapters serve two functions: they provide a general and theoretical introduction to comparative syntax, its methodology, and its relation to other domains on linguistic inquiry; and they also provide a systematic selection of the best comparative work being done today on those language groups and families where substantial progress has been achieved. With top-notch editors and contributors from around the world, this volume will be an essential resource for scholars and students in formal linguistics."--

*The Language of the Gods in the World of Men* Nov 10 2021 "The scholarship exhibited here is not only superior; it is in many ways staggering. The author's control of an astonishing range of primary and secondary texts from many languages, eras, and disciplines is awe-inspiring. This is a learned, original, and important work."—Robert Goldman, Sanskrit and India Studies, University of California, Berkeley

**Karnataka TET KARTET Child Development and Pedagogy Question Bank (In English)** Mar 14 2022 Karnataka TET KARTET Child Development and Pedagogy Question Bank (In English)

**The Syntax of Yes and No** May 24 2020 This book is a cross-linguistic study of the syntax of yes-no questions and their answers, drawing on data from a wide range of languages with particular focus on English, Finnish, Swedish, Thai, and Chinese. There are broadly two types of answer to yes-no questions: those that employ particles such as 'yes' and 'no' (as found in English) and those that echo a part of the question, usually the finite verb, with or without negation (as found in Finnish). The latter are uncontroversially derived by ellipsis, while the former have been claimed to be clause substitutes. Anders Holmberg argues instead that even answers that employ particles are complete sentences, derived by ellipsis from full sentential expressions, and that the two types share essential syntactic properties. The book also examines the related cross-linguistic and intralinguistic variation observed in answers to negative questions such as 'does he not drink coffee?', whereby 'yes' in one language appears to correspond to 'no' in another. The book illustrates how a seemingly trivial phenomenon can have the most wide-ranging consequences for theories of language, and will be of interest not only to theoretical linguists but also to students and scholars of typological and descriptive linguistics.
