George and Catherine Stewart share not only the burden of Catherine's heart disease, which could cause her death at any time, but the memory of Jerome Martell, her first husband and George's closest friend. Martel, a brilliant doctor passionately concerned with social justice, is presumed to have died in a Nazi prison camp. His sudden return to Montreal precipitates the central

crisis of the novel. Hugh MacLennan takes the reader into the lives of his three characters and back into the world of Montreal in the thirties, when politics could send an idealist across the world to Spain, France, Auschwitz, Russia, and China before his return home. This is a new release of the original 1960 edition. A student at McGill in the mid-1950s, Marian Engel wrote her M.A. thesis under the direction of Hugh MacLennan. Their work together became the basis of a correspondence, the MacLennan half of which survives and is detailed here. Both personal and professional in nature, MacLennan's letters to Engel provide fascinating insights into his life's pursuit of writing and offer another glimpse of the author of *Two Solitudes*. *Man Should Rejoice* is one of two hitherto unpublished novels by acclaimed novelist Hugh MacLennan. Completed in 1937 and left unpublished due to economic conditions during the Great Depression, it lay in the McGill archives until now. This critical edition of *Man Should Rejoice*, which is also the first-ever publication of the work, is comprised of a critical introduction, a bibliography of published and unpublished sources, a fully-edited text based on a typescript of the novel, a list of textual emendations, and explanatory notes. The introduction draws upon extensive research undertaken in three Canadian archival collections located in Montreal and Calgary. It provides relevant historical, cultural, and biographical context for the novel. From hundreds of archival documents, Colin Hill reconstructs a textual history of the novel's production that acknowledges the crucial contribution of Dorothy Duncan, who heavily revised the text and assisted MacLennan behind the scenes. Hill also explores the critical reception of MacLennan's fiction from the 1930s to the present. This book is published in English. - *Man Should Rejoice* est un des deux romans inédits du grand romancier Hugh MacLennan. Seminar paper from the year 2008 in the subject American Studies - Culture and Applied Geography, grade: 2,0, Turun Yliopisto (University of Turku) (University of Turku, Finland - North American Studies Programm), course: Seminar: The Making of Canada, 4 entries in the bibliography, language: English, abstract: This term paper deals with the question of how the novel *Barometer Rising*, written by Hugh MacLennan, depicts Canadian identity during World War I. There was no Canadian declaration of War in 1914 although she had her own Canadian delegation at Versailles in 1919. Through this term paper I want to find an explanation of how the war overseas could trigger this national self-consciousness that is also described in the novel. Therefore this paper is supposed to examine this phenomenon from two perspectives. First, from the view social history and second from the view of literary studies. George and Catherine Stewart share not only the burden of Catherine's heart disease, which could cause her death at any time, but the memory of Jerome Martell, her first husband and George's closest friend. Canadian Fiction Studies are an answer to every librarian's, student's, and teacher's wishes. Each book contains clear information on a major Canadian novel. Attractively produced, they contain a chronology of the author's life, information on the importance of the book and its critical reception, an in-depth reading of the text, and a selected list of works cited. Alan Ainslie is an able and dedicated man high in the government. Daniel Ainslie, his son, is a member of an explosive movement impelled by the naive rebelliousness of the New Left. Hugh MacLennan weaves a complex and story of two generations in conflict. Originally published in 1967, *Return of the Sphinx* is something of a sequel to the more optimistic *Two Solitudes* and reflects MacLennan's disenchantment with the world in general and the apparently intractable French-English debate in Canada. In 2030, an old man who has survived the holocaustic destruction of civilization in the 1980's illuminates the events of the past by portraying the lives of his cousin, a journalist during the 1970 war measures act, and his stepfather, a German caught up in the madness of the Hitler era. A study of Canadian novelist Hugh MacLennan and his work. Variety is the spice of these thirty-four lively essays Penelope Wain believes that her lover, Neil Macrae, has been killed while serving overseas under her father. That he died apparently in disgrace does not alter her love for him, even though her father is insistent on his guilt. What neither Penelope or her father knows is that Neil is not dead, but has returned to Halifax to clear his name. Hugh MacLennan ' s first novel is a compelling romance set against the horrors of wartime and the

catastrophic Halifax Explosion of December 6, 1917. From the Paperback edition. Since the publication of *Two Solitudes* in 1945, Hugh MacLennan has been generally accepted as one of Canada's premier novelists. However, recent studies suggest the need for a reappraisal of MacLennan's status. This need is confirmed by a close examination of his writing in recent years, which has raised questions about the depth of the quality of his works, his scope and inclusiveness, his modernism, as well as other issues. In this volume, leading scholars offer fresh perceptions of MacLennan's personality, character, and artistry. Among other issues, they examine the quality of his writing, the influences on his work, and its importance for Canadian literature. Moreover, conclusions are offered about his international, national, regional, and civic intent; his love-hate relationship with the nationalist literary agenda; his attitude toward women; his own "feminine side"; the authenticity of the father-son conflict central to his fiction; his attitude toward his own and other writers' works, the role of critics, the future of literature. An annotated bibliographic update is also included. Hugh MacLennan's first novel is a compelling romance set against the horrors of wartime and the catastrophic Halifax Explosion of December 6, 1917, now available as a Penguin Modern Classic. In the winter of 1917, Penelope Wain is convinced her love, Neil Macrae, is dead--killed in action while serving overseas. That he apparently died in disgrace does not alter her love for the soldier who, unbeknownst to her, has returned to Halifax to clear his name, only days before a catastrophic explosion in the Harbour will forever change their lives. *As For Me and My House* is an essential Canadian work--a precise and compelling portrait of our culture, our psyche, and the nature of contemporary art itself, now available as a Penguin Modern Classic. In the windswept town of Horizon, an unnamed diarist paints a vivid and enthralling picture of prairie life in the

Depression era. Atmospheric, intimate, and richly observed, *As For Me and My House* is a moving meditation on the bittersweet nature of human relationships, on the bonds that tie people together and the undercurrents of feeling that can tear them apart. It is one of Canada's great novels and a landmark in modern fiction. Winner of the Governor General's Award for Fiction Canada Reads Selection (CBC), 2013 A landmark of nationalist fiction, Hugh MacLennan's *Two Solitudes* is the story of two peoples within one nation, each with its own legend and ideas of what a nation should be. In his vivid portrayals of human drama in First World War-era Quebec, MacLennan focuses on two individuals whose love increases the prejudices that surround them until they discover that "love consists in this, that two solitudes protect, and touch and greet each other." The novel centres around Paul Tallard and his struggles in reconciling the differences between the English identity of his love Heather Methuen and her family, and the French identity of his father. Against this backdrop the country is forming, the chasm between French and English communities growing deeper. Published in 1945, the novel popularized the use of "two solitudes" as referring to a perceived lack of communication between English- and French-speaking Canadians. Dan Ainslie, a brilliant doctor working with the miners of his native Cape Breton Island, is forty-two and deeply in love with his wife. Longing for the son he can never have, he comes to love the young Alan MacNeil, whose father deserted him and his mother several years before. Alan's father's return brings tragedy to those around him. In the 1980s the Bureaucracy eliminated all knowledge of the past in the wake of a nuclear holocaust. In 2030 André Gervais discovers two metal boxes containing manuscripts, diaries, and other personal papers that have somehow survived and asks an old man, John Wellfleet, to use these documents to discover the past. In doing so, Wellfleet learns the truth about two relatives: his older cousin

Timothy Wellfleet, a Montreal TV journalist at the time of the 1970 War Measures Act, and his stepfather, Conrad Dehmel, a German scholar struggling to keep his Jewish fiancée and himself safe from Hitler's Gestapo. Hugh MacLennan skillfully juxtaposes the insanity of life in Nazi Germany, the political climate of Montreal in the 1960s, and the perspective of an old man looking back on the conditions that led to world destruction as the background to an unforgettable love story. *Burden of Desire* centres on the love triangle between bohemian Halifax south-end belle Julia Robertson, Dalhousie professor Stewart MacPherson, and young Anglican minister Peter Wentworth. Julia keeps a diary detailing her sexual fantasies, which she has with her at the moment of the blast that was the Halifax Explosion. She hides her diary in her coat, which is subsequently donated to a clothing drive for the individuals from the north end of the city who've lost everything in the explosion. Peter discovers the diary and becomes fixated on its author, enlisting the help of his friend Stewart to find her. *Burden of Desire* explores the repression and expression of sexual desire at the time of the First World War. It also offers a compelling fictional account of the impact on Halifax society of the Halifax Explosion. The story of the volatility of a marriage and the inelasticity of two personalities, set against the backdrop of the Second World War.
