"A scout must always be prepared at any moment to do his duty, and to face danger in order to help his fellow-men." A startling amalgam of Zulu war-cry and imperial and urban myth, of borrowed tips on health and hygiene, and object lessons in woodcraft, Robert Baden-Powell's *Scouting for Boys* (1908) is the original blueprint and 'self-instructor' of the Boy Scout Movement. One of the all-time bestsellers in the English-speaking world, this primer of 'yarns and pictures' constitutes probably the most influential manual for youth ever published. Yet the book is at the same time a roughly composed hodge-podge of jingoist lore and tracker legend, padded with lengthy quotations from adventure fiction and Baden-Powell's own autobiography, and seamed

through with the multiple anxieties of its time: fears of degeneration, concerns about masculinity and self-restraint, and invasion paranoia. Elleke Boehmer's edition of *Scouting for Boys* reprints the original text and illustrations, and her fine introduction investigates a book that has been cited as an authority by militarists and pacifists, capitalists and environmentalists alike.

IMPORTANT UPDATE Readers should take note that a new version of the Form N-400 application for citizenship came out in September 2019, subsequent to this book's printing. Fortunately it's almost identical: the same questions in the same order. Thus the instructions in Nolo's book are still valid. However, please take note of a printing error in this ninth edition.

While the instructions correctly explain that only certain types of people can safely answer "No" to any of Questions 45-50 in Part 12 of the form (asking about things like support for the Constitution and willingness to serve in U.S. armed forces), and that most people should answer "Yes" to all, the sample form shows "X" marks in the "No" column.

Readers should disregard this portion of the sample. For more info check the update here:

Government: In the United States, the government gets its power to govern from the people. We have a government of the people, by the people, and for the people. Citizens in the United States shape their government and its policies, so they must learn about important public issues and get involved in their communities.

Learning about American government helps you understand your rights and responsibilities and allows you to fully participate in the American political process. The Founders of this country decided that the United States should be a representative democracy. They wanted a nation ruled by laws, not by men. In a representative democracy, the people choose officials to make laws and represent their views and
