The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. Since its creation in 1884, Engineering Index has covered virtually every major engineering innovation from around the world. It serves as the historical record of virtually every major engineering innovation of the 20th century. Recent content is a vital resource for current awareness, new production information, technological forecasting and competitive intelligence. The world's most comprehensive interdisciplinary engineering database, Engineering Index contains over 10.7 million records. Each year, over 500,000 new abstracts are added from over 5,000 scholarly journals, trade magazines, and conference proceedings. Coverage spans over 175 engineering disciplines from over 80 countries. Updated weekly. The full texts of Armed Services and other Boards of Contract Appeals decisions on contracts appeals. Vols. for 1919- include an Annual statistical issue (title varies).
