Welcome to the second volume of the Spanish Short Stories for Beginners Here you find 10 more stories to help you learn Spanish in a new and interesting way! ¡HOLA! HELLO! Do you understand this first Spanish word? Yes, you do! Why? Because it was presented to you using a

new technique that is making learning languages easier than ever - the Bilingual Reading. We created this book using this technique so that you can learn Spanish in a fast and fun way and whenever you want. How does this work? It is simple: Bilingual Reading works by reading two versions of the same book or text at once. One version will be on the language you want to learn (in this case we will help you to learn Spanish) and the other version will be in your native language or some other language you are comfortable with - here we will use English. Using this method, you will quickly start discovering the meaning of the words in Spanish and accumulate vocabulary that will soon allow you to read texts that are more complex without having to spend hours and hours looking for every word meaning on a dictionary and trying hard to memorize it. In order to make it easier for you to learn Spanish in a fun way, we gathered in this book a very special group of Spanish short stories. These Spanish short stories for beginners were written using straightforward grammar that is comprehensible for beginners and that will help you rapidly gain more Spanish vocabulary and comprehension. Using Spanish English parallel text, this book

will increase your bilingual reading comprehension skills and maximize the time you invest in reading. The book is organized as a Spanish learning book: you can start by reading each paragraph of each story in the two languages (in Spanish English parallel text), then move to read the full story in each language, rereading to consolidate the Spanish fundamentals whenever is necessary. This way you will feel the progress of Spanish language learning when moving from story to story and see your Spanish vocabulary grow as your bilingual reading comprehension increases - allows you to learn Spanish easily and more than that, you can learn Spanish in a fast and fun way. You can even dedicate it a few moments every day so you can even learn Spanish in 10 minutes a day if you want! Let's Start? Tesoros de lectura, A Spanish Reading/Language Arts Program, offers a balance of authentic Spanish literature and translations of classics and nonfiction text that builds reading skills and strategies in oral language, vocabulary, comprehension, fluency, phonics and writing to develop a strong foundation and a lifetime and love of reading. Daniel And The Spanish Robot Book 3 contains two lovely stories: Daniel's Toys Daniel Helps Papá Noel The lovely stories have been carefully written for children aged 3 - 7 by a qualified and experienced foreign languages teacher but the fantastic storylines and colourful pictures may also interest children learning Spanish of other ages. After all, we all enjoy stories! The stories teach Spanish to young children by introducing only a few Spanish words at a time as the Spanish robot and Daniel talk together. The Spanish vocabulary in book 3 includes the following: Essential phrases: Hola / Adiós / por favor / ayúdame / mira Numbers: uno / dos / tres / cuatro / cinco / seis /siete / ocho / nueve / diez Toys: un balón / un barco / un osito / una muñeca / una bicicleta Christmas presents: un libro / una bufanda Colours: rojo / verde / azul / amarillo / naranja Family members: mi padre / mi

It addresses inclusion in education, drawing attention to all those excluded from education, because of background or ability. The report is motivated by the explicit reference to inclusion in the 2015 Incheon Declaration, and the call to ensure an inclusive and equitable quality education in the formulation of SDG 4, the global goal for education. NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New

York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.
