*The Ghosts of Stukeley Castle*  
Mar 31 2021 There should have been snow on the ground

to make the picture look more in season. But the American had lived in England long enough to know that this only happened in the pages of a holiday magazine. On the 24th of December, he cheerfully accepted the low, brooding sky, and the delicate tracery of leafless pines. This was the background to the turrets and

peacefully stacked chimneys of Stukeley Castle. Even in this lack of color, the outlines of the long, gray, pile of a castle seemed as wonderful as ever. It still dominated the whole landscape. The castle was often described in the local guide-books. Pictures showed a view of its "South Front," "West Front," and "Great

Quadrangle." Tales of old said that it was based on a Roman encampment. Important papers had recorded the date when a Norman man obtained the royal license to build a castle. It had done duty on Christmas cards with the snow laid on thickly in crystal. It had been lovingly written about by a fair correspondent of the "Eastern Sentinel" with complete disregard of facts. Stukeley Castle was rich in tapestries, paintings, armor, legends, and ghosts. Find out what happens when "the American" spends a night in Stukeley Castle, among its fabled halls, and its ghosts. Ages 9 and up. LearningIsland.com believes in the value of children practicing

**The Ghost of the Tree** May 21 2020 I had found it! This house was the perfect place to

write the great American novel. I tumbled into bed, anxious to start the next day. Within half an hour, I was awake again. The sounds were back. I got up and peered out the window. That's when I saw it. In the ghostly light of a half moon shining through the darkness, I saw a young girl chopping at the trunk of a huge oak tree behind the house. She was only about five or six years old, wearing a tattered dress that was soaked in the rain. The rain masked her tears, but I could see by the expression on her face that she was crying. With a small ax, that was more like a hatchet, she was chopping and chopping at the huge trunk of the tree. Why is

the child chopping at the tree, and what secrets does it hold inside? Find out in this chilling ghost story. Ages 9 and up. Nov 14 2019 When we got to the end of the street, we tried to think of where to go trick or treating next. "I think we

should go to Cedar Street," Carrie said. "Why Cedar Street?" I asked. "Those are small houses, not rich ones." "Yeah," Carrie answered. "But they are close together. We can hit more houses in less time." I had to admit she had a point. "OK," I agreed with her. Suddenly I saw a lane branching off from the end of the turn-around. "What's that?" I asked. Carrie stared at it in the darkness. The lane quickly disappeared into a mass of trees. "There's a sign," she said. "And there's a light on the sign," I added. "And a pumpkin decoration beneath it!" *A Sweet, Scary Halloween* Jul 03 2021

*The Park at Midnight* Oct 06 2021 Honestly, until the thing with Stephen Mellor I'd never understood how people

managed to be scared of ghosts. Monsters I could understand, serial killers even more so. Monsters like werewolves and vampires had huge tearing teeth and ripping claws, whilst serial killers, even fictional ones, thrust with their horribly pointed kitchen knives or smacked their lips at the thought of devouring you. I could even understand people feeling creeped out by aliens and the kind of mutant creatures and robots you see in sci-fi. To me, being scared of that stuff made sense. But ghosts? Perhaps it was the tangibility of the others. The idea that monsters and aliens, if real, could actually do you harm in the physical world,

that they were in some way more solid and physically threatening in a literal, touchable way. I could understand being scared of that, but bedsheets going 'whooo' like a boiling kettle, or ghoulies and dead people creeping around in churchyards on tiptoe just didn't cut the mustard. When I heard reports of plates and furniture flying around, I assumed it was a... GET YOUR COPY TODAY!

I have a hard time talking, but I can be a great listener if you want to talk about it?" Janet smiled. Mr. Sidney had always been one of the kindest men she cared for in the old age home where she worked. **The Witch Tape** Mar 19 2020 Like most bad ideas, the whole

thing had actually started as a joke. A flippant remark that should really have been swatted away like a persistent fly or left to dissolve into memory like an indistinct blur of the day's other conversations. I should have been, but it wasn't. Instead, the joke became an idea, an idea that grew into a suggestion, and before I knew it, was gathering mass like a snowball rolling downhill, picking up both speed and size the further it was pushed. Within minutes, the joke had grown and mutated into a full-blown plan of action, for which arrangements were already being made. Once the ball gets rolling like that it's always hard

to stop. Bad ideas have a momentum of their own. Morefield was a quiet town, filled, unfortunately, with not so quiet people.
