Paper Tiger Dec 23 2022 *Paper Tiger: How Pictures Shaped the Thylacine* is an exciting new history of the thylacine, or Tasmanian tiger, that draws us closer to the animals who served as models for illustrations. It takes the reader on a journey behind artists' brushstrokes and photographers' lenses into the world of science, printing processes, publishing entrepreneurs, circulating libraries and bounties and reveals how inaccurate published images were ... and how profoundly they affected attitudes toward living thylacines. Written with sensitivity and an eye for detail, *Paper Tiger* uncovers forgotten drawings and lost photographs from the nineteenth and early twentieth centuries, telling a story full of mystery and revelations. It demonstrates how pictures and words have a vital influence on a species' survival. As the rate of extinctions escalates, we are also reminded that sympathetic pictures have the power to provide hope for endangered animals. "This book is a remarkable achievement. Freeman tells the story of the thylacine in an original and deeply affecting way. We learn about the animals ... and the ravaging impact that human ideas had upon them. Freeman writes thoughtfully, carefully, and with force, and the book is a very good read" Nigel Rothfels, University of Wisconsin-Milwaukee "This book provides a scholarly yet very readable account of a very great loss, the extinction of the Thylacine ... and has what it takes to become a classic text. Freeman's study makes a valuable and timely contribution to the question of how we are going to come to terms with our role in the burgeoning global problem of mass species extinctions" Linda Williams, Associate Professor in Art, Environment and Cultural Studies, RMIT University, Melbourne This book is a compelling story for anyone interested in history and images or concerned about the natural environment, animal extinctions or conservation issues. It also provides a visual resource for art gallery and museum curators, print collectors and zoologists.

Iqbal and His Ingenious Idea Jul 26 2020 A boy, a science project and an answer to a critical problem. During monsoon season in Bangladesh, Iqbal's mother must cook the family's meals indoors, over an open fire, even though the smoke makes her and the family sick. So when Iqbal hears that his school's science fair has the theme of sustainability, he comes up with the perfect idea for his entry: he'll design a stove that doesn't produce smoke! Has Iqbal found a way to win first prize in the science fair while providing cleaner air and better health for his family at the same time? Sometimes it takes a kid to imagine a better idea — make that an ingenious one!

The Great Paper Caper Nov 22 2022 From the illustrator of the #1 smash hit *The Day the Crayons Quit* comes a whodunnit just right for the youngest of readers (not to mention instructions for how to build the perfect paper airplane!) The animals' homes are disappearing. Tree by tree, the forest is being cut down. Clues! There must be clues. For instance, look--there is a mysterious bear carrying an ax! But what would a bear want with so many trees? Perhaps the discarded paper airplanes littering the forest floor have a story to tell? Oliver Jeffers' quirky, childlike humor and lovable illustrations are in full effect in this funny whodunit featuring a winning cast of animals and a message about the

importance of conservation and recycling.

John Derian Picture Book Feb 25 2023 New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupaged with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between commerce and art, and that is destined to become the gift book of the season.

The Paper Kingdom Aug 27 2020 An office at night is reimagined as a fantastical kingdom of paper complete with friendly dragons in this own voices picture book. When the babysitter is unable to come, Daniel is woken out of bed and joins his parents as they head downtown for their jobs as nighttime office cleaners. But the story is about more than brooms, mops, and vacuums. Mama and Papa turn the deserted office building into a magnificent kingdom filled with paper. Then they weave a fantasy of dragons and kings to further engage their reluctant companion--and even encourage him to one day be the king of a paper kingdom. The Paper Kingdom expresses the joy and spirit of a loving family who turn a routine and ordinary experience into something much grander. Magical art by Pascal Champion shows both the real world and the fantasy through the eyes of the young narrator.

The Negro Motorist Green Book Dec 19 2019 The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Blue Rider Jul 06 2021 "[A] dazzling vision of the way art transcends the everyday." — Publishers Weekly, STARRED REVIEW On a gray and crowded city sidewalk, a child discovers a book. That evening, the child begins to read and is immediately carried beyond the repetitive sameness of an urban skyscape into an untamed natural landscape. The child experiences a moment of true joy, and as if in response to that single blissful moment, people seem to come alive in all the other rooms of the apartment block. Thanks to the power of one book, an entire society is transformed. In creating this book, Geraldo Valério was inspired by the German Expressionist group known as *Der Blaue Reiter* (The Blue Rider), which formed in Munich in 1911 and included painters Franz Marc and Wassily Kandinsky. These artists sought to find the spiritual significance in art, with an emphasis on form and color. In turn, Valério has created a wordless book that speaks volumes about how art can transform us beyond the sometimes-dreary world of the everyday. Using Japanese Paper for Digital Printing of Photographs Nov 10 2021 Digitally printing photos on Japanese paper can yield tremendous results for photographers who are interested in experimenting with new methods. But beware: The common concept of how photographs should look will be challenged if you decide to use this technique. Carl-Evert Jonsson shares his experiences using the experimental technique in this book. After using Japanese papers (washi) for paintings and collages, he started to use the papers for his photos. This technique is not an alternative to classic film-based photography. Ink is injected from a cartridge in a printer connected to a computer and printed on paper, in this case on washi. Darkroom facilities are not needed. All you need is a computer, printer, washi, and photos. The liveliness of washi fibres gives a softer result, and washi is more absorbent than Western papers, with the ink appearing integrated rather than sitting on the printed surface. Find out how to use a method that will give new life to photos with the insights in *Using Japanese Paper for Digital Printing of Photographs*.

Madame Saqui Jun 05 2021 A stunning picture book biography about the tightrope walker who dazzled Paris as she danced across the sky with impeccable balance and unparalleled skill during the French Revolution. In revolutionary France, a girl named Marguerite Lalanne longed to perform above large crowds on a tightrope, just like her acrobatic parents. Sneaking off to the fairgrounds for secret tightrope walking lessons, Marguerite finessed her performance skills, ultimately performing for crowds as a young rope dancer. And eventually, Marguerite would perform as Madame Saqui, waltzing and pirouetting across- and never falling off- countless ropes above adoring crowds. A nouvelle chérie de Paris, Madame Saqui cemented her place in circus history, winning the adoration of the French people and royalty alike, including Emperor Napoleon Bonaparte. This remarkable biography unveils the inspiring story of a trailblazing woman who revolutionized the circus world-- without ever missing a step.

Kara Walker: a Black Hole Is Everything a Star Longs to Be Feb 13 2022 An enormous clothbound panorama of Kara Walker's works on paper--all reproduced for the first time This gorgeous 600-page volume provides an exciting opportunity to delve into the creative process of Kara Walker, one of the most celebrated artists working in the United States today. Primarily recognized for her monumental installations, Walker also works with ink, graphite and collage to create pieces that demonstrate her continued engagement with her own identity as an artist, an African American, a woman and a mother. More than 700 works on paper created between 1992 and 2020--which are reproduced in print for the first time from the artist's own strictly guarded private archive--are collected in this volume, thus capturing Walker's career with an unprecedented level of intimacy. Since the early 1990s, the foundation of her artistic production has been drawing and working on paper in various ways. Walker's completed large-format pieces are presented among typewritten notes on index cards and dream journal entries; sketches and studies for pieces appear alongside collages. The result is a volume that allows readers to become eyewitnesses to the genesis of Walker's art and the transformative power of the figures and narratives she has created over the course of her career. Now based in New York, Kara Walker was born in Stockton, California, in 1969. She received her Master of Fine Arts from the Rhode Island School of Design in 1994;

soon afterwards, Walker rose to prominence for her large, provocative silhouettes installed directly onto the walls of exhibition spaces. Walker's work confronts history, race relations and sexuality in a decidedly non-conciliatory manner, urging the public to reconsider established narratives surrounding the experiences of African Americans in particular.
