Lesbian (out)law Sep 28 2020 "Lesbians are both outside the law and within it. Lesbians are always under the rule of law, under the rule of men. As les-bian legal theory, Ruthann Robson--author of *Cecile and The Eye Of A Hurricane*, and an attorney on the faculty of the CUNY Law School--asks the question: How can lesbians use the law without being used by it?"--BOOK JACKET.

Sappho Goes to Law School May 05 2021 Robson tackles controversial legal questions, including the treatment of lesbian criminal defendants; lesbianism and violence; the courts' tendency to resort to stereotypes, such as "the good lesbian" and "the bad lesbian"; the numerous debates enveloping same-sex marriage; and the outcome of child custody cases involving lesbians. She also repudiates the recent habit of legal theorists to address lesbians as "alternative family."

The Lesbian and Gay Movements Oct 30 2020 Throughout their relatively short history, lesbian and gay movements in the United States have endured searing conflicts over whether to embrace assimilationist or liberationist strategies. The *Lesbian and Gay Movements* explores this dilemma in both contemporary and historical contexts, describing the sources of these conflicts, to what extent the conflicts have been resolved, and how they might be resolved in future. Rimmerman also tackles the challenging issue of what constitutes movement 'effectiveness' and how 'effective' the assimilationist and liberationist strategies have been in three contentious policy arenas: the military ban, same-sex marriage, and AIDS. Considerable attention is devoted to how policy elites (presidents, federal and state legislatures, courts) have responded to the movements' grievances. Since the publication of the first edition in 2007, there have been enormous changes in the landscape of lesbian and gay movements and rights. The thoroughly revised second edition includes updated discussion of LGBT movements' undertakings in, as well the Obama administration's response to, AIDS/HIV policy, the fight to legalize same-sex marriage and overturn the Defense of Marriage Act, and the repeal of 'Don't Ask, Don't Tell'.

From Identity to Politics Apr 23 2020 Liberal democracy has provided a certain degree of lesbian and gay rights. But those rights, as we now know, are not unlimited, and they continue to be the focus of efforts by lesbian and gay movements in the United States to promote social change. In this compelling critique, Craig Rimmerman looks at the past, present, and future of the movements to analyze whether it is possible for them to link identity concerns with a progressive coalition for political, social, and gender change, one that take into account race, class, and gender inequalities. Enriched by eight years of interviews in Washington, D.C. and New York City, and by the author's experience as a Capitol Hill staffer, *From Identity to Politics* will provoke discussion in classrooms and caucus rooms across the United States. Author note: Craig A. Rimmerman is Professor of Political Science at Hobart and William Smith Colleges. He is the author of several books, including *The New Citizenship: Unconventional Politics, Activism, and Service*.

Silence within and beyond Pedagogical Settings Jun 18 2022 This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.
