The small plane crash at the Sedona airport wasn't typical: A Beechcraft nosedived into the wooded canyon after takeoff, no fire, the dead pilot still strapped into his seat, and the body of a missing teenage girl found in the rubble. Private Investigator Candice Shane has a friend in trouble. Artist Parker Lane has been there for her in the past, putting together an impromptu wedding reception, and supplying the paintings for her house. Now it's time to return the favor. When Parker first learns of her husband's death in a plane crash, she is lost. When gruesome details emerge about his teenage girl passenger, she contacts Candice to investigate. From Sedona to Phoenix to Las Vegas, Candice won't stop until she unearths the dreadful facts, enlisting the help of her husband's police contacts to discover the truth. Underage girls, a pocket full of jewelry, and a delusional 'best friend' provide plenty of adventure, danger, and even more treacherous questions. "You see, although we make decisions all the time, freedom of choice is an illusion of belief. To understand illusion, illusion must exist. It is the ultimate hubris for Homo sapiens to think they alone, above all the life forms on Earth, have the power of choice when it seems that all other life forms do what they must instant by instant..." Health, wealth, and happiness are transient phases of life. When life makes no sense and the beliefs we live by fail to explain reality, traditional supports may no longer be of comfort. If you are scared and confused about the uncertainties and suffering in life, you may find solace in *Voices of Sedona*. In addition to inspired dialogues with his spiritual teachers in Sedona, Arizona, author Lewis Tagliaferre blends elements of religion, psychology, philosophy, history, and current events into five incredible principles of universal awareness. When a personal crisis strikes-whether it arises from occupational, family, social, physical, or financial changes-it's normal to feel a loss of control. If traditional beliefs fail to bring comfort at those times, there may seem to be nowhere to turn for inner peace and contentment. But, you can feel good inside no matter what happens outside. This book is a sequel to the first two. It contributes an added dimension to my earlier information. Sedona seems to reflect the best qualities, or perhaps I should say "combined" qualities, the essences and elements, of the Great Pyramids, Glastonbury, Stonehenge, Ayers Rock, Mount Shasta, the South American Pyramids, Peru, Tibet, Nepal, India, Lourdes, and many other power places around the world. How can I make such a claim? For the reason that I interact on a regular basis with individuals from virtually every corner of the Earth who have spent time in those sacred and mysterious places. Through these travelers, I have learned that there is simply no other place like Sedona. Popular Mechanics inspires, instructs and influences readers to help them master the modern world. FIRE SETTERS - A police sergeant, the woman who dumped him, and their second chance at love. While on a stakeout to catch the cretin who's stalking a client, Private Investigator Candice Shane finds a house on fire—at midnight. A pink tricycle in the yard prompts her hasty decision to break in, saving a sleeping woman and her three children. Her ex-boyfriend, Sergeant Alex Delaney, thinks she's insane to take on the woman as a client. But with the husband out of town during the incident, he's the prime suspect, and Candice has a gut feeling he didn't do it. Who would want a woman and three children dead? As clue after clue leads Candice and Alex down a dangerous road, her heart is also on a treacherous path—one of falling for Alex again. Sure, Candice can dodge bullets and interrogate witnesses, but she can't she resist Alex's wit, charm, and good looks. In the end, if she and Alex can't find who set the fire, her heart might not be the only thing she loses. Fire Setters: A Shane Investigations is a gripping crime thriller filled with heart-melting romance and mystery. THE SILK STRANGLER - A police detective who wants a lifetime of love, a private investigator who values her independence, and their struggle to trust each other. Private Investigator Candice Shane had a good reason for breaking up with her university boyfriend Alex Delaney five years ago. His career choice after graduation as a police officer was dangerous. She knew this personally after her parents, both cops, died by the same loathsome gunmen when she was only eight. But Candice wasn't expecting her easy job of asking questions and simple surveillance to be just as hazardous. Detective Alex Delaney understands Candice's job. His love for her keeps him standing beside her while he'd rather stand in front of her to keep her safe from a maniac strangler who seeks out vulnerable women. Three bodies in three weeks and they still have no solid clues. Candice is brought in on the investigation as a consultant, but even being in the background brings her to the killer's attention. Now it's a race against time before he can claim another victim, and before Alex loses his love to the Silk Strangler. The Silk Strangler: A Shane Investigations is a gripping crime thriller filled with heart-melting romance and mystery. INTO THIN AIR - The small plane crash at the Sedona airport wasn't typical: A Beechcraft nosedived into the wooded canyon after takeoff, no fire, the dead pilot still strapped into his seat, and the body of a missing teenage girl found in the rubble. An Exceptional Telling of an Exceptional Story! Mark David Gerson never wanted to be a writer, never believed in a world beyond that of his five senses. But when life began to chip away at his identity with a relentlessness that he couldn't ignore, he found himself launched on a spiritual journey that would redefine everything about him – multiple times. It was a journey of surrender that ultimately birthed a timeless fantasy series...and a new life he could never have imagined. "A dynamic read for the creative spirit within each of us. Positive inspiration at its best." – Hank Bruce, author of Peace Beyond All Fear: A Tribute to John Denver's Vision "I don't know anyone who has regularly risked more, given up more, to be a writer." – William Reichard, author of Evertime "My life, as you will discover, has been rocky, on-the-edge and unconventional. It has been scary, disrupted and a distant remove from what most people still cling to as 'security.' It has also been creative, exhilarating, passion-filled, vibrant, exciting, adventurous and enriching. It has pushed me beyond the boundaries of what I believe and what I believe I want, and it has propelled me beyond the frontiers of the conventionally possible. In every moment, it steers me on a course that I could never consciously chart for myself. In every breath, it reminds me that the story knows best -- the story I'm living as much as the story I'm writing." Another fantastic read! Klasky blends magic, humour, awesome plot and loveable characters into a terrific read. — Goodreads Reviewer RJ Jane Madison's life is perfect. She's left her unsatisfying librarian job, moved to the country with her boyfriend David Montrose (who is her sworn astral protector), and opened a school for witches. Alas, Jane never thought teaching a couple of students would be so challenging. And she didn't expect Hecate's Court to mandate a Major Working by Halloween. She never imagined her feline familiar would grow disenchanted with all

things magical. Worst of all, though, she never dreamed that she and David would fight about every single aspect of living and teaching together. Can Jane find a survival guide in time to rescue the Jane Madison Academy—and her relationship with David? Get the scoop on: Figuring out what kind of equipment you need to do what you want Identifying good sound quality when you hear it Adding components to a factory system Choosing a video player, hands-free phone system, amplifiers, speakers, and more Finding a reliable installer (today's automotive electronics systems are so complex that you probably won't want to go it alone) Understanding warranties and returns Protecting and insuring your system *Car Audio For Dummies* is sort of like that knowledgeable friend you want to take along when you tackle a project like this. Sounds like a good idea, doesn't it? I would venture a guess that if someone were to go to a place such as Syracuse, Little Rock, San Antonio, Key West, Pocatello, Des Moines, or Spokane and dig around for two years as I did here, that person would come up with as much material as I have about Sedona. The following incidents and encounters are a broad representation of UFO/ET encounters by area residents and visitors. My opinion is that many of these incidents resulted in the abduction of the individuals involved. I have talked at length with most of these people. It's difficult to put into words the sincerity and concern that was reflected in their voices and faces about what they had experienced. When a mature man or woman breaks down emotionally over a UFO experience they are reliving in an interview, this is to me strong evidence that the person is not lying or simply making up a story. I feel fortunate to have shared in their experiences, and I share in turn these experiences here with you.
