*The Wild Hunt* Oct 26 2020 A BuzzFeed Best Historical Fiction Book of Summer and Best Book of August Lit Hub Best Book of Summer and a Tor Best Horror Book of the Month A Crime Reads' and Lit Hub Most Anticipated Book of the Year A transporting, otherworldly debut of a young woman's fated return to a wind-battered island off the coast of Scotland, and the dark forces—old and new—that she finds there. The islanders have only three rules: don't stick your nose where it's not wanted, don't mention the war, and never let your guard down during October. Leigh Welles has not set foot on the island in years, but when she finds herself called home from life on the Scottish mainland by her father's unexpected death, she is determined to forget the sorrows of the past—her mother's abandonment, her brother's icy distance, the unspeakable tragedy of World War II—and start fresh. Fellow islander Iain MacTavish, an RAF veteran with his eyes on the sky and his head in the past, is also in desperate need of a new beginning. A young widower, Iain struggles to return to the normal life he knew before the war. But this October is anything but normal. This October, the sluagh are restless. The ominous, birdlike creatures of Celtic legend—whispered to carry the souls of the dead—have haunted the islanders for decades, but in the war's wake, there are more wandering souls and more sluagh. When a young man disappears, Leigh and Iain are thrown together to investigate the truth at the island's dark heart and reveal hidden secrets of their own. Rich with historical detail, a skillful speculative edge, and a deep imagination, Emma Seckel's propulsive and transporting debut *The Wild Hunt* unwinds long-held tales of love, loss, and redemption.

*Songs of the Earth* Nov 19 2022 *SONGS OF THE EARTH* is the most compelling debut fantasy novel since Patrick Rothfuss first hit the shelves four years ago, with the stunning *THE NAME OF THE WIND*. Combining superb characterisation with an epic story, it is beautifully told and engaging from the very first word. Gair is under a death sentence. He can hear music - music with power - and in the Holy City that means only one thing: he's a witch, and he's going to be burnt at the stake. Even if he could escape, the Church Knights and their witchfinder would be hot on his heels while his burgeoning power threatens to tear him apart from within. There is no hope . . . none, but a secretive order, themselves persecuted almost to destruction. If Gair can escape, if he can master his own growing, dangerous abilities, if he can find the Guardians of the Veil, then maybe he will be safe. Or maybe he'll discover that his fight has only just begun.

*Code Name* Apr 12 2022 When the US Air Force loses contact with an experimental drone carrying a classified weapon system over a remote section of the Ouachita Mountain Range of eastern Oklahoma, a team of elite Pararescue personnel are sent in to recover the asset. After the entire team and the helicopter sent to extract them vanish without a trace, it is discovered that a highly-aggressive, hairy, bipedal hominid is responsible for the attack. Code Name: Wild Hunt is called in to handle the paranormal threat. Dispatching Team Odin, they soon discover that it wasn't just one creature. They find themselves caught in the middle of a conflict between two clans of Bigfoot-like creatures embroiled in a territorial dispute. Creatures that they quickly learn are far more intelligent than originally anticipated. To make matters worse, they find themselves trapped by one of the worst snowstorms on record. Can Team Odin locate any survivors of the original Pararescue team, as well as secure the missing drone? Or will they, too, fall prey to the same creatures?
