Bad Twin Jul 03 2021 Sometimes evil has a familiar face . . . Paul Artisan, P.I. is a new version of an old breed -- a righter of wrongs, someone driven to get to the bottom of things. Too bad his usual cases are of the boring malpractice and fraud variety. Until now. His new gig turns on the disappearance of one of a pair of twins, adult scions of a rich but tragedy-prone family. The missing twin -- a charismatic poster-boy for irresponsibility -- has spent his life daring people to hate him, punishing himself endlessly for his screw-ups and misdeeds. The other twin -- Artisan's client -- is dutiful and resentful in equal measure, bewildered that his "other half" could have turned out so badly, and wracked by guilt at his inability to reform him. He has a more practical reason, as well, for wanting his brother found: their crazy father, in failing health and with guilty secrets of his own, will not divide the family fortune until both siblings are accounted for. But it isn't just a fortune that's at stake here. Truth itself is up for grabs, as the detective's discoveries seem to challenge everything we think we know about identity, and human nature, and family. As Artisan journeys across the globe to track down the bad twin, he seems to have moved into a mirror-world where friends and enemies have a way of looking very much alike. The P.I. may have his long-awaited chance to put his courage and ideals to the test, but if he doesn't get to the bottom of this case soon, it could very well cost him his life. Troup's long-awaited **Bad Twin** is a suspenseful novel that touches on many powerful themes, including the consequence of vengeance, the power of redemption, and where to turn when all seems lost. **Bad Twin** is a work of fiction and all names, characters and incidents are used fictitiously; the author himself is a fictional character.

Paws Off My Cannon Aug 16 2022

Justice League Incarnate (2021-) #5 Mar 31 2021 In this shocking conclusion, Justice League Incarnate must face their worst threat yet: each other! With half the team under the control of the forces of darkness, what chance do they have of stopping Darkseid from achieving his ultimate victory? No matter who wins, everyone loses because the real crisis has yet to come...

Syndicate Rules Jul 23 2020 Seeking retribution for the upheavals in their antimatter universe, the Crime Syndicate of Amerika of Earth 2 brings chaos to Earth. The Weaponers of Qward of the antimatter universe take advantage of the situation and threaten both teams and everyone on earth with a terrible new super weapon.

Adobe PageMaker 7.0 Apr 19 2020 The fastest, easiest, most comprehensive way to master Adobe PageMaker, fully updated to cover version 7.0. Classroom-in-a-book format teaches PageMaker in short, project-oriented lessons. This page layout program now offers loads of new features, including a new simplified workflow with Adobe Photoshop and Illustrator, and added integration with popular business tools such as Microsoft Word, QuarkXPress, and more.

The Flash Season Zero Sep 24 2020 You've seen the hit TV show on The CW, but those episodes are only part of the story! Barry's adventures continue in **THE FLASH: SEASON ZERO**, chronicling even more of the early adventures of the Flash and the crew at S.T.A.R. Labs. As Barry, Cisco, Caitlin and Dr. Wells study the scope of the Flash's power, Barry must balance his regular life with his new role as Central City's newest hero! With stories by The Flash executive producer Andrew Kreisberg and fellow

writers behind the TV show, plus art from Phil Hester (GREEN ARROW), Marcus To (RED ROBIN) and others, these stories take you even deeper into the world of the hit series! This volume collects issues #1-24 of the digital series, including crossover appearances by Arrow's Felicity Smoak and the Suicide Squad!

Jews and Protestants May 13 2022 The book sheds light on various chapters in the long history of Protestant-Jewish relations, from the Reformation to the present. Going beyond questions of antisemitism and religious animosity, it aims to disentangle some of the intricate perceptions, interpretations, and emotions that have characterized contacts between Protestantism and Judaism, and between Jews and Protestants. While some papers in the book address Luther's antisemitism and the NS-Zeit, most papers broaden the scope of the investigation: Protestant-Jewish theological encounters shaped not only antisemitism but also the Jewish Reform movement and Protestant philosemitic post-Holocaust theology; interactions between Jews and Protestants took place not only in the German lands but also in the wider Protestant universe; theology was crucial for the articulation of attitudes toward Jews, but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism. By bringing together various contributions on these and other aspects, the book opens up directions for future research on this intricate topic, which bears both historical significance and evident relevance to our own time.

Istoé Sep 17 2022

Popular Science Nov 19 2022 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Fluent in 3 Months Jan 17 2020 Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

The Photographer's Guide to Posing Apr 12 2022 When photographing people, you can have a great composition, perfect light, and the right camera settings, but if your subject doesn't look right—if the pose is off—the shot will not be a keeper. Posing is truly a crucial skill that photographers need to have in order to create great photographs. If you're looking to improve your ability to pose your subjects—whether they're men, women, couples, or groups—best-selling author and photographer Lindsay Adler's *The Photographer's Guide to Posing: Techniques to Flatter Everyone* is the perfect resource for you. In the first half of *The Photographer's Guide to Posing*, Lindsay discusses how the camera sees, and thus how camera angle, lens choice, and perspective all affect the appearance of your subject. Lindsay then covers things that ruin a pose—such as placement of the hands, and your subject's expression and posture. Next, Lindsay dives into "posing essentials," outlining her approach to start with a "base pose," then build on that to create endless posing opportunities. She also discusses posing the face—with specific sections dedicated to the chin, jaw, eyes, and forehead—as well as posing hands. In the second half of the book, Lindsay dedicates entire chapters to posing specific subject matter: women, men, couples, curvy women, families and small groups, and large groups. In each chapter, Lindsay addresses that subject matter's specific challenges, provides "go-to poses" you can always use, and covers how to train the eye to determine the best pose for your subject(s). Lindsay also teaches you how to analyze a pose so that you can create endless posing opportunities and continuously improve your work.

The Arcades Project Nov 26 2020 Focusing on the arcades of 19th-century Paris--glass-roofed rows of shops that were early centers of consumerism--Benjamin presents a montage of quotations from, and reflections on, hundreds of published sources. 46 illustrations.

Mastering Digital Flash Photography May 21 2020 Electronic flash not only brings light to a photograph, it can be an important artistic tool--if you've acquired the knowledge to use it creatively. To master those skills, digital photographers need only turn to this complete reference. Packed with inspirational photos, it takes the mystery out of flash, covering every type of equipment and explaining such essentials as guide numbers, sync speeds, white balance, and more. Photographers will see how fill flash can decrease contrast and shadows in outdoor portrait photography, understand how to control the light using bounce and multiple flash techniques, and expertly employ high-speed and rear curtain synchronization to create impressive motion-blur images. Everything you need to know is here--including a section on studio flash and computer processing.

Mastering Canon EOS Flash Photography, 2nd Edition Dec 08 2021 In this updated, second edition of the authoritative, bestselling *Mastering Canon EOS Flash Photography*, photographer NK Guy brings the book fully up to date, with coverage of all the newest Canon gear that has hit the market since the first edition published in

2010. This includes coverage of the radio-enabled Canon Speedlite 600EX-RT and Canon Speedlite Transmitter ST-E3-RT, as well as the other Speedlites that have released since the first edition's publication: Canon Speedlite 90EX, 270EX II, 320EX, and 600EX. And this is the first book to cover Canon's new, affordable master unit—the Speedlite 430EX III-RT flash! Digital cameras and flash technology have truly revolutionized photography in the 21st century. Originally seen simply as a practical way to illuminate dark scenes with portable light, flash today is used for a host of creative and nuanced applications, including supplementing daylight, designing complex scenes lit by multiple light sources, and simply creating beautiful, controllable light for portraiture. With LCD screens on DSLRs, the ability to get instant feedback on lighting setups is a great help in advancing one's lighting capabilities and encouraging experimentation. However, flash photography can still be a difficult artistic and technical challenge. It's simple to get that harsh deer-in-the-headlights look from built-in automatic flash, but it is a far cry from beautiful light. Creating natural-looking images is not nearly as straightforward. Mastering the properties of light and the ability to manipulate, craft, and direct it is a lifelong endeavor. Those diving into Speedlights need some help. Manuals are terse and the terminology is confusing—this is where *Mastering Canon EOS Flash Photography* comes in. This is the complete book on the subject, guiding you through Canon's Speedlite system, from off-camera portable flash to professional studio lighting. It covers the fundamentals of flash metering technology, discusses key lighting concepts, and documents a wide range of Canon and third-party equipment. Universal flash accessories, studio gear, and radio triggers are all thoroughly covered. The book is lavishly illustrated with diagrams that demonstrate important functions and lighting arrangements, and inspiring photos that show sophisticated flash techniques. Though tailored for users of Canon EOS cameras, owners of other camera systems will find much valuable information as well. So, whether you're just getting started with flash, or you've picked up the bug for off-camera lighting from such popular websites as Strobist.com, or you're making the leap into advanced studio work, *Mastering Canon EOS Flash Photography* is your in-depth resource. Includes a foreword by David Hobby, noted photojournalist and founder of Strobist.com.

Church Bible-NIV Nov 14 2019 A quality pew and ministry Bible at a very economical price. - Complete text with subject headings and translators' footnotes.

Speedlitter's Handbook Dec 20 2022 Getting your Canon Speedlite to produce the light you need can be a real challenge. For those new to flash photography—or for anyone who has previously given up out of frustration—Speedlitter's Handbook is a revelation. Photographer Syl Arena takes you on a journey that begins with an exploration of light and color, moves through a comprehensive discussion of the Canon Speedlite family and all of the accessories and equipment available to the Speedlitter, then settles down to crafting great light in one photo shoot after another. Whether you want to create a classical portrait, shoot an event, or simply add a little fill light to a product shot, Speedlitter's Handbook shows you how. A fantastic in-depth resource illustrated with over 500 images, Speedlitter's Handbook covers: how to see the various characteristics and properties of light itself, as well as the differences between how your camera sees versus how you see all the buttons and dials of the entire Canon Speedlite family the basics of on-camera flash...and the necessity of getting your flash off the camera how to beautifully balance flash with the existing ambient light all the equipment necessary for great Speedlite shots how to get amazing shots with just one Speedlite how and when to use E-TTL versus manual flash the use of color gels to balance color, as well as create dramatic effects how to tame the sun—or any really bright light—with hi-speed sync and much, much more Whether you're shooting portraits, events, or sports, Speedlitter's Handbook is an essential resource that teaches you how to craft the light you need for any type of shot you want.

The Beginner's Photography Guide Jun 21 2020 In contrast to the jargon-filled manuals that come with most digital cameras, The Beginner's Photography Guide presents step-by-step digital slr camera basics, while introducing and demonstrating a wide variety of techniques that will inspire the novice digital photographer. Grouped together by themes-color, composition, natural light, framing, and more—each camera technique is broken down into an easy-to-follow step-by-step sequence, and features annotated photographs and suggestions on getting the best from digital slr cameras and taking eye-catching photos.

The Anarchist Cookbook Jan 09 2022 The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

Harley Quinn: The Animated Series: The Eat. Bang! Kill. Tour (2021-) #1 Dec 16 2019 Picking up directly from the cliffhanger ending of Harley Quinn: The Animated Series, Harley and Ivy are on the run after narrowly escaping Ivy's ill-fated wedding to Kite Man. But who is chasing them, and where will this Thelma-and-Louise journey

end? It all starts here!

Super Mario Manga Mania May 01 2021 Experience the zany world of Super Mario through manga! Join Mario and pals in crazy adventures inspired by the hit video games! In this collection of short stories, Mario and Luigi go on adventures that showcase the fan-favorite characters of the Mario world in new, unconventional and hilarious ways. This compilation, handpicked from years of Mario comics in Japan, has never been available in English—until now!

Flash Fiction International: Very Short Stories from Around the World Feb 16 2020 A dazzling new anthology of the very best very short fiction from around the world. What is a flash fiction called in other countries? In Latin America it is a micro, in Denmark kortprosa, in Bulgaria mikro razkaz. These short shorts, usually no more than 750 words, range from linear narratives to the more unusual: stories based on mathematical forms, a paragraph-length novel, a scientific report on volcanic fireflies that proliferate in nightclubs. Flash has always—and everywhere—been a form of experiment, of possibility. A new entry in the lauded Flash and Sudden Fiction anthologies, this collection includes 86 of the most beautiful, provocative, and moving narratives by authors from six continents, including best-selling writer Etgar Keret, Zimbabwean writer Petina Gappah, Korean screenwriter Kim Young-ha, Nobel Prize winner Czeslaw Milosz, and Argentinian “Queen of the Microstory” Ana María Shua, among many others. These brilliantly chosen stories challenge readers to widen their vision and celebrate both the local and the universal.

Studio Anywhere Feb 10 2022 The concept for Studio Anywhere came from photographer Nick Fancher's experience trying to build model shots for his portfolio. As a young professional photographer with a family, he didn't have the money to rent out a studio, and he wasn't familiar with all the areas around some of his models' locations (when he was traveling, for example). So he started shooting in the models' living spaces. Each place was different—a penthouse here, a dark art space there—and they all forced him to think a bit outside the box and seek out photographic opportunities. He also had to carry little gear, traveling light. All this gave him the idea for this book, which highlights what one can do with a bit of portable gear, a grasp of photographic basics, and a lot of imagination in order to see the possibilities in any given situation. In *Studio Anywhere: A Photographer's Guide to Shooting in Unconventional Locations*, Nick will cover different "studios" that can be created anywhere, from a basement to a street, from an office to a park, from a living room to a backyard. And he will do all this with just the following gear: 1-3 Speedlites, a foam core board, a grid for the flash, an umbrella, an ND filter, and gaffer tape. And because his photos have a unique "look" to them, Nick will also include his post-processing in Lightroom, with occasional "pro tips" as he jumps over to Photoshop for just a bit of heavier lifting in the digital darkroom. Nick will also have a "Deconstruct this photo" thread running throughout the book (one for each studio section), which will help students be able to better read photos (how many lights were used? what kind of modifier was used? where was the light placed?) in order to "reverse engineer" them, so that they can recreate similar lighting scenarios themselves. After reading *Studio Anywhere*, students will be inspired to get out and shoot in more "unconventional" locations, and will be equipped with the knowledge and know-how to do so.

The History of Photography Mar 19 2020 A compact, readable, up-to-date overview of the history of photography.

In the Buddha's Words Feb 27 2021 "This landmark collection is the definitive introduction to the Buddha's teachings in his own words. The American scholar monk Bhikkhu Bodhi, whose voluminous translations have won widespread acclaim, here presents selected discourses of the Buddha from the Pali Canon, the earliest record of what the Buddha taught. Divided into ten thematic chapters, *In the Buddha's Words* reveals the full scope of the Buddha's discourses, from family life and marriage to renunciation and the path of insight. A concise informative introduction precedes each chapter, guiding the reader toward a deeper understanding of the texts that follow." "In the Buddha's Words allows even readers unacquainted with Buddhism to grasp the significance of the Buddha's contributions to our world heritage. Taken as a whole, these texts bear eloquent testimony to the breadth and intelligence of the Buddha's teachings, and point the way to an ancient yet ever vital path. Students and seekers alike will find this systematic presentation indispensable."--BOOK JACKET.

Called to Believe: A Brief Introduction to Christian Doctrine Jun 14 2022 *Called to Believe* is an abridgment and condensation of the more comprehensive text, *Called to Believe, Teach, and Confess*. It offers an accessible, introductory overview of the major doctrines of Christianity. Written from a Lutheran Christian perspective, this book is a helpful resource for those within that tradition and to others who seek a deeper and broader understanding of Christian teaching. Firmly rooted in Scripture, this book directs the reader back to the Bible. It emphasizes the interrelatedness of all Christian teachings, with its central teaching being the doctrine of justification by grace through faith in Jesus Christ. It also includes the text of the three ecumenical creeds accompanied by a brief introduction to their historical background. This book is ideal as an introductory text for university or advanced high school students and for other Christian adults who seek to expand their knowledge of God's revelation and its application in human lives. It introduces and uses classic theological vocabulary and terminology, while offering clear definitions and application. Key terms, study questions, and a glossary help make this

a valuable resource. Suggested readings from Scripture, and secondary sources guide the reader into deeper study.

A Treatise on the Small-pox and Measles Oct 26 2020 Translated from the original Arabic by William Alexander Greenhill

The Sovereign Individual Jun 02 2021 Two renowned investment advisors and authors of the bestseller *The Great Reckoning* bring to light both currents of disaster and the potential for prosperity and renewal in the face of radical changes in human history as we move into the next century. *The Sovereign Individual* details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-Mogg. Their bold prediction of disaster on Wall Street in *Blood in the Streets* was borne out by Black Tuesday. In their ensuing bestseller, *The Great Reckoning*, published just weeks before the coup attempt against Gorbachev, they analyzed the pending collapse of the Soviet Union and foretold the civil war in Yugoslavia and other events that have proved to be among the most searing developments of the past few years. In *The Sovereign Individual*, Davidson and Rees-Mogg explore the greatest economic and political transition in centuries -- the shift from an industrial to an information-based society. This transition, which they have termed "the fourth stage of human society," will liberate individuals as never before, irrevocably altering the power of government. This outstanding book will replace false hopes and fictions with new understanding and clarified values.

The Flash Dec 28 2020 Race into action in this all-new original adventure based on the hit CW TV series, *The Flash!* In a timeline where Flashpoint never happened, The Flash (aka Barry Allen) must face a mysterious villain who can control the minds and actions of citizens. But when Hocus Pocus, as he calls himself, takes control of Barry, it's up to Team Flash to help the Scarlet Speedster before he's forced to do the unthinkable. Written by New York Times bestselling author Barry Lyga, this is one adventure fans of the TV series won't want to miss! **THE FLASH** and all related characters and elements are trademarks of and © DC Comics. (s17)

Eth Cepher - Besora'oth Sep 05 2021 *The Besora'oth* is a collection of the Four Gospels of the Brit Chadasha (New Testament) set forth in a ParDeS format, with Hebraic terms inter-lineated for key concepts. There are also direct Hebrew quotes in both the Hebrew language and transliterated Hebrew for the English reader. These portions include the prayer, called the "our Father," the statements made at the Last Supper, the statement at the cross, the quotation of Yeshu'ahu (Isaiah) 61, plus others. One of the most important features is the inclusion of the fragments from the Gospel according to the Hebrews (Eusibeus/Jerome). This book is an indispensable resource for those who preach the Gospels and seek understanding from a Hebraic point of view.

Popular Mechanics Jan 21 2023 *Popular Mechanics* inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Harley Quinn: The Animated Series: The Eat. Bang! Kill. Tour (2021-) #2 Oct 14 2019 ON THE ROAD TO ROMANCE (a.k.a. an ataxia-filled, Thelma and Louise-style road trip), Harley and Ivy head to Catwoman's to ask for a massive favor (hey, Selina's a natural born cat-sitter...). Meanwhile, Commissioner Gordon, on the hunt for the chaos queen herself, crosses a line he might not be able to come back from...

Car PC Hacks Oct 06 2021 *Car PC Hacks* is the first book available to introduce and entrench you into the hot new car PC market. Expect innovation, tools and fun experiments for creating a mobile multimedia center. This Hacks Series addition packs a punch in this comprehensive and easy-to-read guide. Whether you're venturing into car PC for the first time or an experienced hobbyist, hop in for a joy ride.

Boyer's Royal Dictionary Abridged Mar 11 2022

The Life Story of The Flash by Iris Allen Aug 24 2020 A unique combination of comic-book illustration and prose, *The Life Story of the Flash* follows Barry Allen from his humble childhood to his noble death, dealing with his transformation from a methodical police scientist to one of the DC Universe's most dynamic heroes--one whose legacy endures years after his death. The biography reveals new details of Allen's personal life, as well as insights into his infamous Rogues Gallery, the history of his young protégé (and current Flash) Wally West, and the heartbreak of his wife Iris' "death", as well as Barry's largely unknown life in the 30th century, when he and Iris were reunited and finally became parents. The ultimate Flash book, *The Life Story of the Flash* is a must-have addition to the collection of anyone who is, or has ever been, a Flash fan.

Life Debt Nov 07 2021 Set between the events of "Return of the Jedi" and "The Force Awakens," the second entry in the "Aftermath" trilogy continues the story of a galactic civil war under the leadership of Wedge Antilles, Admiral Ackbar, and others after the destruction of the second Death Star.

Los Angeles Magazine Oct 18 2022 *Los Angeles Magazine* is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in

the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Encyclopedia of Nineteenth-Century Photography Jan 29 2021 The Encyclopedia of Nineteenth-Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century. It sets out to be the standard, definitive reference work on the subject for years to come. Its coverage is global – an important ‘first’ in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication. The Encyclopedia presents new and ground-breaking research alongside accounts of the major established figures in the nineteenth century arena. Coverage includes all the key people, processes, equipment, movements, styles, debates and groupings which helped photography develop from being ‘a solution in search of a problem’ when first invented, to the essential communication tool, creative medium, and recorder of everyday life which it had become by the dawn of the twentieth century. The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth-Century Photography an essential reference source for academics, students, researchers and libraries worldwide.

Popular Science Feb 22 2023 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Kafka on the Shore Aug 04 2021 Kafka on the Shore displays one of the world’s great storytellers at the peak of his powers. Here we meet a teenage boy, Kafka Tamura, who is on the run, and Nakata, an aging simpleton who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey.

Jedi Healer: Star Wars Legends (Medstar, Book II) Jul 15 2022 While the Clone Wars wreak havoc throughout the galaxy, the situation on the far world of Drongar is desperate, as Republic forces engage in a fierce fight with the Separatists. . . . The threatened enemy offensive begins as the Separatists employ legions of droids into their attack. Even with reinforcements, the flesh and blood of the Republic forces are just no match for battle droids’ durasteel. Nowhere is this point more painfully clear than in the steaming Jasserak jungle, where the doctors and nurses of a small med unit face an impossible situation. As the dead and wounded start to pile up, surgeons Jos Vandar and Kornell “Uli” Divini know that time is running out. Even the Jedi abilities of Padawan Barriss Offee have been stretched to the limit. Ahead lies a test for Barriss that could very well lead to her death– and that of countless others. For the conflict is growing–and for this obscure mobile med unit, there’s only one resolution. Shocking, bold, unprecedented, it’s the only option Jos and his colleagues really have. The unthinkable has become the inevitable. Whether it kills them or not remains to be seen. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
