New Headway, Elementary Sep 19 2022 New Headway iTTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTTools works on all of these, and it doesn't matter which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

Lit Up May 15 2022 An inspiring firsthand investigation into the crucial challenge of turning teenagers into lifelong readers It's hardly a secret that millions of American kids, caught up in social media, television, movies, and games, don't read seriously--that is, they associate serious reading with duty or work, not with pleasure. This indifference has become a grievous loss to our standing as a great nation--and a personal loss, too, for millions of teenagers who may turn into adults with limited understanding of themselves and others. Can this be changed? Can teenagers be turned on to literature? What kind of teachers can do it, and what books? To find out, Denby sat in on a tenth-grade English class in a New York public school for an entire academic year, and made frequent visits to an inner-city public school in New Haven and to a respected public school in Westchester county. He read all the stories, poems, plays, and novels that the kids were reading, and here combines a chronicle of what he observed with fresh and inspiring encounters with the books themselves, including *The Scarlet Letter*, *Brave New World*, 1984, *The Alchemist*, *Slaughterhouse Five*, *The Kite Runner*, *Long Way Gone* and many more. Denby's book is a dramatic narrative that traces awkward and baffled beginnings but also exciting breakthroughs and the emergence of pleasure in reading. In a sea of bad news about education and the fate of the book, David Denby reaffirms the power of great teachers and the importance and inspiration of great literature.
