*The Perimenopause Solution* Mar 15 2022 You are not going mad - it's your hormones! The perimenopause (the time leading up to the menopause) is often misunderstood. For some women, it lasts a few months; for others it consumes the best part of a decade. This transitional period can be a time of emotional turmoil, shifting priorities and physical changes: from hot flushes, insomnia, low mood and anxiety, to itchy skin, thinning hair, weight gain and loss of libido . . . to name just a few! Millions of women in their thirties and forties go through this without even realising they are perimenopausal. It's time they take back control. In *The Perimenopause Solution*, Dr Shahzadi Harper, a medical doctor specialising in women's health and Emma Bardwell, a registered nutritionist, provide a blueprint to help women find a new balance in this important phase of their lives, so they can be prepared, not scared. Akin to getting two expert consultations in one, this holistic and accessible guide combines practical, no-nonsense information on the physical and mental changes to expect, with powerful advice on managing symptoms and nutrition, as what you eat during the perimenopause can dramatically affect your experience of it. Expert-led and forward-thinking in its approach, *The Perimenopause Solution* will not just help you survive the journey towards the menopause - it will let you thrive.

*The Hormone Solution* Aug 20 2022 In this work, Dr Erika Schwartz shares her proven programme to help women prevent, reduce and even eliminate the symptoms of hormone imbalance naturally.

*Menopause Confidential* Oct 18 2019 An authoritative guide to understanding and navigating the hormonal changes and health issues women experience in midlife and beyond, from one of the leading medical experts in the field. The physical changes that occur after women turn forty are unavoidable—and can be unnerving. Menopause affects every aspect of life—from sex and sleep to mood and mental clarity to weight and body temperature. While there are a number of resources available, many are confusing and contradictory. Now, Manhattan gynecologist Dr. Tara Allmen, an experienced, nationally board-certified menopause practitioner and the recipient of the 2015 Doctor's Choice National Award for Obstetrics & Gynecology, shares her knowledge to help women be their happiest and healthiest, and turn this challenging time into an exciting one. Written in her effervescent yet assured voice, *Menopause Confidential* provides simple strategies and cutting-edge information on: hormonal changes and the symptoms of perimenopause and menopause; the health risks associated with midlife—from cutting through the conflicting opinions and advice about health screenings (Do I really need a colonoscopy? How often should I get a mammogram?) to common medical conditions, such as osteoporosis; various remedies, both allopathic and natural, to combat symptoms and empower women to make the best choices for their individual needs; practical tips and resources for mitigating the effects of menopause. Fifty-one-year-old Dr. Allmen knows firsthand what women are going through, and shares stories of her own personal travails and solutions. Women can't turn back the clock, but they can take control of their health and flourish in midlife. *Menopause Confidential* encourages them to be informed, be proactive, and be their greatest selves.

*Keto For Women Over 50 YOUR TAILOR-MADE PROGRAM TO DEFLATE THE BELLY, ABDOMINAL FAT,* Mar 23 2020

Do you want to have a perfect body even at 50? And Live A Happy Menopause?

Between 40 and 55 years of age, women enter a physiological phase of life known as menopause, preceded by about ten years in which there are already changes that will then lead to the interruption of the menstrual cycle and the loss of fertility. Entering Menopause means developing some symptoms, not always present altogether, (but certainly every woman experiences some), which include hot flashes, anxiety and nervousness, night sweats, sleep disturbances, overweight, retention, and abdominal fat. All this is caused by the reduction of estrogen (female hormones), which changes the entire female metabolism. Precisely To keep in check all this symptomatology and prevent or counteract not only the overweight but also the diseases that can result from the ketogenic diet is the ideal solution. In this practical guide, you will find all the information, a 7-day food program, and recipes for weight loss and maintaining a healthy weight. Designed in such a way as to make the slimming path pleasant and not penalized, it is especially suitable for women between 50 and 60 years of age. If it is true that the "mature" physique is different from the young one, it is still possible to keep it toned, well modeled, and with a perfect fit weight. All of this can be done without fatigue and, at the same time, improving health conditions and preventing ailments and diseases that can appear at this age. Ready to get started? Click on "Buy Now!"

**HRT Solution (rev. edition)** Jul 07 2021 Now revised and updated, the comprehensive program for restoring vitality, sexuality, and health using natural hormones—just the ones each individual woman needs, and just the amount she needs. The decision of whether or not to use hormone replacement therapy (HRT) during menopause is perhaps more controversial—and more confusing—than ever before. The HRT Solution provides a balanced discussion of the issues and, most important, offers a choice that goes beyond "yes" or "no." The authors explain the shortcomings of the conventional, "cookie-cutter" approach to HRT, which gives women standardized amounts of synthetic hormone substitutes or animal-derived hormone products. Instead, they recommend a program designed to meet each woman's particular needs. Their approach emphasizes the importance of testing and ongoing monitoring to determine precisely which hormones a woman may want to supplement. The solution lies in the prescription of individualized doses of custom-made natural hormones—exact matches for the ones a woman's body produces. The HRT Solution makes it possible for each woman to maintain a hormonal balance that is optimal for her body and her well-being, without the unpleasant side effects and potential for long-term health problems associated with conventional HRT.

*The Natural Menopause Solution* Sep 21 2022 The editors of "Prevention" and integrative medicine specialist Ring distill research into the easy-to-follow 30-day slim-down, cool-down diet, which can help women lose 21 percent more body weight.

**Yoga and the Wisdom of Menopause** Jul 19 2022 Hormone Treatment Is Called Harmful-Washington Post, 7/10/02 Estrogen Use Linked to Higher Cancer Risk-Boston Globe, 7/17/02 31.2 million women facing menopause in America are concerned by these headlines. Most women today will live over one-third of their lives post-menopausal, but what about the age-old solution of hormone replacement therapy? In 2002 the U.S. government halted a major study of hormone therapy because it increased the risk of invasive breast cancer. Now, millions of women are left wondering whether they should approach menopause without hormones, suffering from hot flashes and low sex drive or take hormones and live in fear of being another statistic. Suza Francina has a simpler solution: Yoga. In this practical book, Francina, a leading yogi and author of *The New Yoga for People Over 50*, shows how yoga can be a powerful tool to help women turn menopause into a positive and empowering experience, both physically and spiritually. Included are easy-to-follow, indexed photos of yoga poses that alleviate key menopausal problems including: hormonal changes; hot flashes; irregular bleeding; fibroids; stress and anxiety, mood swings, depression and fatigue; bone loss; heart disease and cancer. Francina delivers a timely and truly heartening message to women: you don't have to get weaker or depressed when facing menopause, it can truly be an empowering, restorative time.

*Menopause Without Weight Gain* Sep 09 2021 Women over the age of 40, as they move towards menopause, usually experience an increasing waistline and multiplying fat cells...no matter how much they exercise.

Menopocalypse Oct 10 2021 "Perimenopause and menopause can be

very difficult times for women, both physically and emotionally. This book empower[s] women with information and advice.” —Dr. Louise Newson, GP and menopause specialist, developer of My Menopause Doctor Discover new, effective remedies for menopause and perimenopause symptoms (migraines, hot flashes, mood swings, and more) in this powerful book, written by a fitness expert who experiences many—and shares her secret to thriving in good health. Includes a Bonus Training Guide with Strength Workouts for Women Over 40 At a time when menopause has become an urgent, necessary topic of public discussion, with the likes of Michelle Obama revealing their struggles for the first time on the internet, personal trainer Amanda Thebe shares the roadmap she uses to thrive during perimenopause and menopause in Menopocalypse. With funny, bold, and big-hearted writing that will be familiar to readers of Glennon Doyle, Amanda Thebe shares her menopause journey and what she learned along the way. Readers will come away from the book with: A better understanding of your own hormones and how they factor in menopause and your overall health; Confidence to speak your truth about your menopause symptoms to your doctor, other health professionals, your family, and friends; Advice for achieving optimal health during perimenopause and menopause by changing your diet, fitness routine, and more lifestyle factors. Amanda Thebe was working as a personal trainer and fitness coach when, at age 43, she began to experience debilitating exhaustion, dizziness, and depression. At the time, Thebe didn't know it was all related to her hormones. The busy mother of two, who was used to climbing mountains and traveling the world, only knew she struggled to get out of bed. After several failed doctor's appointments, Thebe saw her gynaecologist, who finally named the source of her struggles: perimenopause, the period of 5-10 years before menopause, when a woman's fluctuating estrogen levels put her at risk of depression, anxiety, headaches, and more ailments related to female hormone health. Empowered by information, Thebe began her journey back to her former self, overhauling her approach to diet and exercise. In Menopocalypse, she explains how to deal with migraines, hot flashes, weight gain, exhaustion, poor sleep, vaginal dryness, and mood swings—offering tips that have worked for her and others. She shares information about hormone therapy. She even shares her own strength-training routine, complete with a suggested workout schedule, easy-to-follow instructions, and pictures of herself doing the exercises, so you can feel empowered, fit, and ready to tackle the day. Menopause isn't fun, sexy, or cool, and a woman might spend one-third of her life in it—but that doesn't mean women should suffer in silence without support. Let the outspoken and honest Amanda Thebe be your guide to surviving—and thriving—during menopocalypse.

**Heart Solution for Women** Feb 14 2022 Heart disease remains the number one killer of women, outpacing breast cancer, diabetes, and stroke, with one in four women receiving a diagnosis in her lifetime. And the problem is only getting worse. Dr. Mark Menolascino has been on the front lines of cardiac research for most of his life, running a highly successful clinic where he takes a holistic, personalized approach to reversing disease and jump-starting health. Most of his patients are women struggling with symptoms and illnesses that stem from the most important, life-giving organ in the body: the heart. In Heart Solution for Women, Dr. Menolascino explores the many ways our hearts are the pathway to overall health. While the classic risk factors for heart disease—obesity, high cholesterol, high blood pressure, stress, and poor diet—are critical components, symptoms of the disease manifest differently in women's bodies and can go misdiagnosed for years. They include depression, anxiety and panic attacks, poor sleep, and widespread pain, and can be masked during

pregnancy, post-pregnancy, and menopause only to appear with great force later in life. Featuring the latest research on gut, brain, and hormone health and including answers to the most common heart-health misunderstandings, *Heart Solution for Women* finally gives women the tools to succeed, feel great in their bodies, and add years to their lives.

*What to Eat When* May 17 2022 NY Times best-selling author Dr. Michael Roizen reveals how the food choices you make each day--and when you make them--can affect your health, your energy, your sex life, your waistline, your attitude, and the way you age. What if eating two cups of blueberries a day could prevent cancer? If drinking a kale-infused smoothie could counteract missing an hour's worth of sleep? When is the right time of day to eat that chocolate chip cookie? And would you actually drink that glass of water if it meant skipping the gym? This revolutionary guide reveals how to use food to enhance our personal and professional lives--and increase longevity to boot. What to Eat When is not a diet book. Instead, acclaimed internist Michael Roizen and preventive medicine specialist Michael Crupain offer readers choices that benefit them the most--whether it's meals to help them look and feel younger or snacks that prevent diseases--based on the science that governs them.

**The Hormone Solution** Mar 03 2021 America's perceptions about the inevitable effects of aging are about to be completely rethought, thanks to groundbreaking new information from an internationally known expert on hormones and antiaging medicine. Thierry Hertoghe, M.D., has an important message to share: people are aging unnecessarily. Based on thirty-five years of scientific studies, *The Hormone Solution: Stay Younger Longer with Natural Hormone and Nutrition Therapies* is the first book that offers a prescriptive program to counter memory loss, weight gain, wrinkles, shrinking muscle mass, impotence, hair loss, and a host of other signs and symptoms of aging. Dr. Hertoghe offers an effective program of hormone replacement therapy using safe, low doses of natural hormones—in conjunction with a healthy diet and vitamin and mineral supplements—to help people maintain physical, mental, and emotional health and literally restore their bodies to a state that's three to twelve years younger than their actual age. He identifies the fifteen main, crucial hormones found in the body and explains the process that restores each one to its correct level. With a foreword by renowned doctor Barry Sears, *The*

*Hormone Solution* is filled with self-scoring checklists, eating plans, nutritional prescription plans, and hormone shopping lists that help every reader calculate his or her personal hormone profile. Dr. Hertoghe is revolutionizing the medical field with his work, showing us how to treat chronic illnesses and the large and small aspects of aging by using preventive measures to drastically slow the aging process and its effects without costly procedures and surgeries. *The Hormone Solution* is a landmark publication that will revolutionize how people age, enabling us to live longer, healthier, and happier lives *The Change Before the Change* Dec 12 2021 The Essential Book for Every Woman Over 35 You're in the prime of life. As far as you know, menopause could be years away. So why is your body sending you such weird messages? Women today can't afford to lose time and energy to the common, but often misdiagnosed, symptoms of perimenopause — from mood swings and stubborn extra pounds to hot flashes and insomnia — that precede menopause by as much as a decade. In this lively and solution-packed book, renowned ob/gyn Dr. Laura Corio provides all the information you need to take charge of your physical and emotional well-being: • Hormone treatment before menopause, including all the new, natural, and low-dose forms that are making this a safe choice for more women • Herbs, soy, and other alternative therapies that are backed by solid medical research • How perimenopause affects fertility — and what to do if you want to get pregnant • How your skin, hair, and nails reflect deeper changes — and how to make them vibrant again • Ways to combat cancer fears — and what tests you absolutely must have • Whether a high-protein diet is right for you — and what vitamins and minerals you should be taking • What to do now to protect your breasts, uterus, bones, and heart in the years to come • Diet and exercises to prevent or minimize symptoms, and much more!

*The Natural Menopause Solution* Feb 26 2023 For far too long, doctors thought hormone replacement therapy was the answer to menopausal symptoms from hot flashes to sleepless nights to stubborn belly fat. But while it does help, HRT can be risky—and may raise women's chances for breast cancer, heart attack, and stroke. Luckily, there's a growing stack of research that natural remedies can be just as effective. In *The Natural Menopause Solution*, the editors of Prevention and integrative medicine specialist Melinda Ring, MD, distill that research into the easy-to-follow 30-Day Slim-Down, Cool-Down Diet, which can help women lose 21 percent more body weight. Plus it's proven to help reduce the number and intensity of hot flashes by 50 percent. In addition to this easy eating and exercise program, there are hundreds of drug-free solutions for sleep problems, memory lapses, mood swings, lack of energy, low libido, and more—and strategies to protect against heart disease, diabetes, stroke, osteoporosis, and cancer.

*Menopause: Manage Its Symptoms with the Blood Type Diet* Oct 30 2020 Dr. Peter J. With specific tools not available in any other book for

preventing and treating such symptoms as hot flashes, insomnia, loss of libido, and osteoporosis. This volume includes tools that will help you treat and prevent menopausal symptoms including a diet tailored to your blood type that helps you manage menopausal symptoms and a four-week plan for getting started that offers practical strategies for eating, exercising, and living right to manage menopause.

**MenuPause** Nov 30 2020 More than 125 detoxifying and hormone-healing recipes to reduce the symptoms of perimenopause and menopause, from the bestselling author of *The Hormone Fix* and *Keto-Green 16* “Dr. Cabeca shows us how to take charge of our health in midlife, using the power of food to start feeling better—and find optimal weight, improved mood and more energy along the way!”—Izabella Wentz, PharmD, New York Times bestselling author of *Hashimoto’s Protocol* A major hormonal shift in every woman’s life, menopause heralds a time of new freedoms, potential, and empowerment. But this necessary shift often also brings with it uncomfortable symptoms like brain fog, reduced libido, joint pain, constipation, and hot flashes. And even while eating and exercising as usual, most menopausal women also experience frustrating weight gain—in and of itself a symptom that can make the other symptoms worse. We seldom make the connection between what we eat and how it affects our hormones. But food is a direct hormone regulator, so when hormones shift, we must shift as well. Choosing ingredients wisely is the best way to reduce all your symptoms, including that frustrating weight gain. Drawing inspiration from the cuisines of countries where women experience fewer menopausal symptoms, Dr. Anna Cabeca offers five unique, six-day eating plans that put a “pause” on the use of symptom-exacerbating ingredients. Depending on your health goals and the symptoms you’re experiencing, choose from these five plans: • The Keto-Green Extreme Plan pauses inflammatory foods but includes stomach-soothing alkaline ingredients for an overall reduction in menopause symptoms. • Keto-Green Plant-Based Detox pauses animal proteins to stoke your fat-burning metabolism, ease hot flashes, and reduce brain fog. • The Carbohydrate Pause puts a temporary pause on all carbohydrates and sugar to help you break through a weight loss plateau, sleep better, and combat bloating. • The Keto-Green Cleanse briefly pauses solids to gently restore and energize you at the cellular level, leading to greater energy, less joint pain, and less constipation. • The Carbohydrate Modification Plan is the perfect feasting plan, allowing for the reintroduction of healthy but gluten-free carbohydrates to reduce restriction fatigue and maintain metabolic flexibility. With more than 125 delicious recipes—many of which fit more than just one eating plan—MenuPause is your guide to a more comfortable menopausal transition, and ensures you won’t go hungry in the process!

**The Hormone Reset Diet** Jan 21 2020 The Harvard-educated physician and New York Times bestselling author of *The Hormone Cure* shows you how to grow new receptors for your seven metabolic hormones, making you lose weight and feel great fast! When it comes to weight loss, most people don’t think about hormones. But when you develop resistance to your seven major metabolic hormones—cortisol, thyroid,

testosterone, growth hormone, leptin, insulin, and estrogen—your body adjusts by increasingly raising your hormone levels and ultimately slowing down your metabolism. And a slower metabolism leads to weight gain and difficulty losing weight. The solution, Dr. Sara Gottfried contends, is to reset the efficiency of your hormones by repairing and growing new hormone receptors. Based on leading scientific research, *The Hormone Reset Diet* is her proven weight loss and energy program to reverse hormone resistance in just three weeks. It will help you: Boost your metabolism and calorie burning by growing new and fresh thyroid receptors; Increase your weight loss by re-balancing estrogen and progesterone receptors; Reverse your aging by resetting glucocorticoid receptors (for better processing cortisol). For the last twenty years, this Harvard-MIT educated physician has helped thousands of women address the root hormonal causes of what bothers them most: excess weight, lack of energy, aging, and illness. Going beyond her bestselling *The Hormone Cure*, this program is the next generation of her deep understanding of hormonal optimization for rapid weight loss.

**Menopause** Jun 06 2021 This new Concise Manual takes a straightforward look at menopause. What is it? When does it occur? What can be expected? How can it be managed? Dr Louise Newson is a well-known specialist in menopause and saw the need for a fact-based manual for women and their families. Menopause is a natural condition that affects all women at some stage of their life. At least one in four women have severe symptoms, which detrimentally affect their family, home and work life. This book will explain and clarify the stages and symptoms, and detail what treatments are safe and effective for particular needs. Migraines, depression, anxiety, osteoporosis, low libido, relationships, diet and HRT are just some of the areas covered in this new concise manual.

**The Menopause Thyroid Solution** Jun 18 2022 From New York Times bestselling author and nationally recognized patient advocate Mary J. Shomon comes a groundbreaking guide to safely managing menopause through a better understanding of and better care for your thyroid. If you're one of the forty million American women struggling through menopause, you probably know all about the symptoms of fatigue, weight gain, and depression. But what you may not know is that the drop in reproductive hormones frequently triggers a thyroid slowdown—a "thyropause"—that can be the main cause for those troublesome symptoms. In fact, you may not even need hormone therapy, wild yam and progesterone creams, or herbs like black cohosh for a symptom-free menopause. What you really need is to

begin to pay attention to your thyroid. In *The Menopause Thyroid Solution*, Mary J. Shomon will help you: Recognize the symptoms of a thyroid problem versus those of menopause Learn how to get your problems diagnosed and treated Find out what and how to eat, what medications to consider, what supplements to take, and what lifestyle changes to make Improve your metabolism and increase your energy

**The Essential Oils Menopause Solution** Aug 28 2020 Alleviate the symptoms of perimenopause and menopause with simple and safe DIY diffusions, tonics, and tinctures made with essential oils, from “a true innovator and thought leader in the field of women’s hormone health” (JJ Virgin, New York Times bestselling author of *The Virgin Diet*). What if menopause didn’t have to be a struggle? Your body is always changing—necessarily and beautifully—throughout life. During menopause, however, declining ovarian function and fluctuating hormones often clash with environmental toxins, stress, and digestive distress, leading to the symptoms we have been told we should expect: hot flashes, weight gain, brain fog, low libido, and irritability. But as women’s hormonal health expert and bestselling author Dr. Mariza Snyder explains, you can and deserve to experience a good night’s sleep, clear thinking, stable moods, an energized metabolism, and pain-free sex. The solution is not to medicate the changes, but instead get to the root cause of what’s really going on in the body. In *The Essential Oils Menopause Solution*, Dr. Mariza offers a cutting-edge, comprehensive plan to do just that, including: • a clear explanation of what’s happening in your body before, during, and after “the change,” and how certain lifestyle triggers exacerbate hormonal imbalance. • the latest science behind the benefits of essential oils as safe, effective solutions for perimenopause and menopause symptoms. • more than 75 recipes and protocols designed to provide solutions for deep, restful sleep, anxiousness, mood swings, fatigue, hot flashes, low libido, brain fog, vaginal dryness, digestive distress, and much more. • a proven 21-day hormone-balancing program complete with meal plans, exercise recommendations, supplementation, and herbal therapies designed to reverse the myriad of symptoms affecting millions of women today. • easy self-care rituals to support every system of your body—from digestion and vaginal health to mitochondrial and liver function—throughout the perimenopausal and menopausal transition. Dr. Mariza Snyder is committed to helping women feel their best; her work is dedicated to solutions that heal a woman’s health from the ground up. In as little as twenty-one days, *The Essential Oils Menopause Solution* will help you reclaim vibrant, optimal, and long-lasting health.

**Comprehensive Gynecology** Jul 27 2020 In the 25 years since the first edition of *Comprehensive Gynecology*, many scientific advances have occurred in medical practice. The first four editions were largely the work of the original four editors: Drs. William Droegemueller, Arthur L. Herbst, Daniel R. Mishell, Jr., and Morton A. Stenchever...With the staggering volume of medical literature published and the complexities of the gynecologic subspecialties, we have collaborated with additional experts for the sixth edition. We've "examined disease" and added a new chapter on the interaction of

medical diseases and female physiology. We've "investigated discord" with new authors to completely rewrite the emotional and psychological issues in gynecology and the legal issues for obstetrician-gynecologists. Other chapters have delved into the controversies in breast cancer screening, vitamin D use, the ongoing debates in hormone therapy, and vaginal mesh use for pelvic organ prolapse surgery. **The New Hormone Solution** Apr 16 2022 Hormones regulate our bodies and run our lives—when they're in balance we feel great, look beautiful, are fertile and sexual, and enjoy every moment of our existence. When they're out of balance, whether during adolescence, pregnancy, menopause, or from medication or surgically induced, it can lead to devastating conditions like infertility, postpartum depression, insomnia, weight gain, loss of libido, memory loss, and unnecessary tests and surgeries. Erika Schwartz, MD, is the leading authority on hormone supplementation in wellness and disease prevention. In *The New Hormone Solution* Dr. Erika shares her successful, proven program to help women (and men) of all ages prevent and eliminate the symptoms of hormone imbalance in an integrated and caring approach. Learn what hundreds of thousands of healthy men and women have learned from following Dr. Erika's unique and caring programs. In *The New Hormone Solution*, you'll discover: How to identify the symptoms of hormone imbalance at different stages in your life from teens, twenties, thirties, forties, and beyond. What the safe and easy options are for treatment of hormone imbalance. How to integrate conventional medicine with mind and body care and prevent disease at all ages. How to choose the right options for your hormones and supplements. How to take ownership of your health and avoid becoming a victim of uncaring and money-hungry systems. How the cutting edge scientific data, statistics and clinical cases from the practice of Dr. Erika can be applied to your needs.

[The Menopause Manifesto](#) Jun 25 2020 An Instant New York Times, Washington Post, USA Today, San Francisco Chronicle, and Publishers Weekly Bestseller! A Next Avenue Influencer in Aging 2021 #1 Canadian Bestseller Just as she did in her groundbreaking bestseller *The Vagina Bible*, Dr. Jen Gunter, the internet's most fearless advocate for women's health, brings you empowerment through knowledge by countering stubborn myths and misunderstandings about menopause

with hard facts, real science, fascinating historical perspective, and expert advice. "I feel more equipped to care for my patients, challenge the patriarchy, and empower & educate thanks to her work and advocacy." —Dr. Danielle Jones (Mama Doctor Jones) "An exhilarating read and a comprehensive review of all things menopause." —North American Menopause Society "Gynecologist Gunter (*The Vagina Bible*) helps women navigate the ins and outs of menopause in this delightfully conversational and strongly feminist guide. Readers looking to separate menopausal fact from fiction should take note." —Publishers Weekly "Gunter mixes sound medical information with a bit of humor and a lot of candor...[this] frank and expert guide provides an informative and reassuring look at a long, often baffling and infuriating phase of life." —Booklist The only thing predictable about menopause is its unpredictability. Factor in widespread misinformation, a lack of research, and the culture of shame around women's bodies, and it's no wonder women are unsure what to expect during the menopause transition and beyond. Menopause is not a disease—it's a planned change, like puberty. And just like puberty, we should be educated on what's to come years in advance, rather than the current practice of leaving people on their own with bothersome symptoms and too much conflicting information. Knowing what is happening, why, and what to do about it is both empowering and reassuring. Frank and funny, Dr. Jen debunks misogynistic attitudes and challenges the over-mystification of menopause to reveal everything you really need to know about: \*Perimenopause \* Hot flashes \* Sleep disruption \* Sex and libido \* Depression and mood changes \* Skin and hair issues \* Outdated therapies \* Breast health \* Weight and muscle mass \* Health maintenance screening \* And much more! Filled with practical, reassuring information, this essential guide will revolutionize how women experience menopause—including how their lives can be even better for it! "Read this book immediately." —New York Times bestseller Ayelet Waldman, author of *A Really Good Day* and *Love & Treasure* "This is the new 'it' book for women who want to prepare for or understand what menopause is (and isn't)." —Dr. Jennifer Lincoln
